Attendance and Punctuality Policy

Vision

An outstanding school cultivating dynamic students who are culturally aware and collaborative within a multicultural society.

Aim

AIS strives for students and families to understand the importance of regular attendance and punctuality of students. Student regular attendance has a direct impact on the social and academic progress of a student. This policy aims to ensure the best possible student attendance and punctuality with the help of follow up procedures for student absence and tardiness.

Rationale

Students need to be in the classroom to benefit from the teacher's guidance and from interaction and exchange of ideas with peers. Regular attendance at school is essential to ensure uninterrupted progress and to enable children to maximize their potential.

All students are expected to attend school each day. The School does all it can to encourage students to attend, and to put in place appropriate procedures to support this. The School believes that the most important factor in promoting good attendance and punctuality is development of positive attitudes towards school and learning.

Early intervention is essential to prevent the problem from worsening.
